

NOMINATION OF MEMBERS FOR NSERC COMMITTEES

The personal information collected on this form is protected under the provisions of the *Privacy Act*. It is stored in Personal Information Bank (PIB) SER-PPU-051, and used only in NSERC's committee membership recruitment process and as a source of external referees. Staff may also consult the NSERC file of nominated grantees who agree to let their name stand. Nominees who **are not NSERC grantees** must append a current curriculum vitae. Staff discuss committee membership, including individual nominations, with current and/or past committee members and others in the scientific community to determine the best membership slate based on such factors as regional and linguistic representation and complementarity of expertise. NSERC retains records of the names and affiliations of all individuals who serve on committees, and publishes this information.
