The Honourable Allan Rock, P.C., M.P.
Minister of Industry
CD Howe Building, 11th Floor
235 Queen St.
Ottawa, ON K1A 0H5

Dear Minister: *allan*

I am writing you today to indicate my very strong support for the ALMA project and the Canadian Long Range Plan for Astronomy.

I am enclosing, for your review, a copy of a very articulate letter from members of the Canadian Coalition for Astronomy.

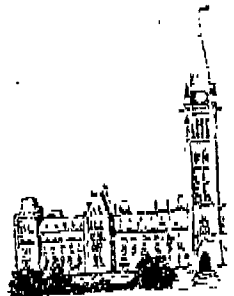

As they point out, the project has reached a very critical stage. Minister, your intervention on their behalf is essential.

I urge you to give this project the support it deserves.

Sincerely,

Judi Longfield
